ACTIVITIES & HOTEL

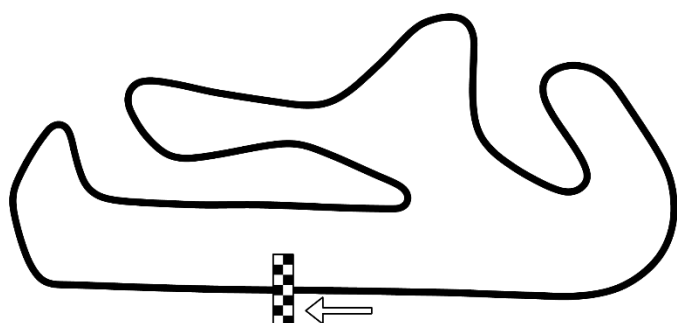

F1 will make its first ever visit to the Portimão circuit in 2020 for the Formula 1 Heineken Portuguese Grand Prix on October 23-25.

Chosen by Ayrton Senna as his base for when racing in Europe, the Autódromo Internacional do Algarve – known more colloquially as Portimão, after the port city it sits half an hour outside of – is located in the heart of the Algarve region in sunny southern Portugal.

Portimão premiers as a Formula 1 World Championship Host this year. The track was used for F1 pre-season testing in the winter of 2008-09, however, several drivers on the grid, including Daniel Ricciardo, Charles Leclerc and Valtteri Bottas, experienced the Portuguese circuit during their junior careers.

The 15-seat Executive Box is located in the VIP Tower in the centre of the Autódromo and with privileged views over various points of the track.

<i>First Grand Prix</i> 2020	<i>Number of Laps</i> 66
<i>Circuit Length</i> 4.684km	<i>Race Distance</i> 308.877km

With spectacular Atlantic views, Ocean offers the perfect combination of sublime food, seamless service and an atmosphere of casual elegance. Such unique brilliance and refinement have led to the attribution of two Michelin stars since 2011 - a tribute to Hans Neuner and his team.

The decor, based on a palette of blue and golden shades is the reflection of a peaceful seaside scenery. The magnificent corals which fill up one of its side walls, as well as the Murano crystals resembling medusas by the entrance, are a clear clue to the inspiration behind Ocean's recent image, entirely renovated in 2016.

Leading the kitchen since 2007 is Austrian-born Hans Neuner, Portugal's Chef of the Year in 2009 and 2012. By his side, a dedicated and talented team that helps to develop the remarkable gastronomic creations based on the best local ingredients and products that make up its seasonal menus.

The wine rack, separating the room from the kitchen, is made of around 560 national and international references, carefully selected by Sommelier Nelson Marreiros. This acclaimed gathering constitutes one of the largest private vintage wines collection in the Iberian Peninsula.
